

Class Title: Home Defense

Cost: \$75

Class Duration: 3 hours
(2 hr class; 1 hr range time)

The purpose of the Home Defense Class is to teach the student how he or she may properly secure their home and how to properly react with their firearm in the case of an emergency. This class will cover many topics including:

- Choosing the right firearm for your home
 - Making sure that you pick a firearm that fits not only you, but your home as well. This includes the type of firearm, the size of the firearm, the caliber of the firearm, etc.
- What to do in the event of a home invasion
 - Step by step process of how you should react in the event of a home invasion and how to properly set up your home to facilitate such a plan.
- Fundamentals of using a firearm in the home
 - Explanation of different shooting techniques that may be employed in the home and how they differ from basic shooting.
- Options for storage of firearms
 - Explanations of the different ways to store a firearm in the home so that it meets not only your defensive needs, but also your safety needs.
- Ammunition options
 - Going over the different types of ammunition available on the market today and how they pertain to different home structures and environments.
- Tips for securing your home
 - Other suggestions for the security of your home that may not involve firearms but will also be beneficial for your safety.

Approximately one hour of the class will be taking place on the range under the supervision of the instructor.

Class Title: Concealed Carry Class

Cost: \$75

Class Duration: 3 hours
(1 hr class, 2 hrs range time)

This class will cover all aspects of concealed carry to include holster and weapon coordination. It will also include a discussion of local, state and federal laws regarding concealed carry and use of force. Students should note that legal advice is not being given as part of this class.

This class will cover topics including:

- Emergency / tactical magazine changes
- Use of cover & concealment
- Low light shooting techniques
- Weapon retention / Stabilize - Stun - Separate
- Strong hand/Support hand shooting
- Shooting stances

Required Equipment / items

- Semi-auto or revolver
- Two magazines/speed loaders
- 50 rounds of ammunition (which can be purchased at the range)
- Holster
- The student **MUST** have completed a Handgun safety course before attending the class.

Approximately two hours of the class will be taking place on the range under the supervision of the instructor.

Class Title: Handgun Safety Class

Cost: \$85

Class Duration: 4 hours
(3 hr class, 1 hr range time)

The purpose of the Handgun Familiarization and Safety Class is to introduce a new shooter to handguns and show them how they may be used in a safe manner. This class will cover many topics including:

- Types and actions of handguns
 - Detailed explanation of the differences between semi-automatic pistols and revolvers and how they operate.
- The anatomy of a bullet
 - The different components of a bullet, how they interact, and exactly what happens when a bullet is fired.
- Fundamentals of shooting
 - The basics of being able to accurately put a bullet on target including grip, stance, trigger control, and sight alignment.
- Cleaning and proper care
 - How to properly maintain your firearm so that it remains in good working order, including basic disassembly, cleaning, and lubrication.
- Proper range procedure and firearm safety
 - The etiquette of shooting on a range including safety procedures, commands, and firearm handling.

Approximately one hour of the class will be taking place on the range under the supervision of the instructor.
